

JOSE RAUL RINCON GARCIA

Postdoctoral Associate, Rice University
6100 Main St., Houston, TX, 77005

Personal website: <https://rinconraul.github.io/>
e-mail: raul.rincon@rice.edu

EDUCATION

Ph.D. in Civil Engineering, Rice University

Thesis: "Smart and Objective Modeling of Structure-to-Infrastructure Systems." *Advisor and Committee Chair*: Jamie E. Padgett, PhD.

Committee members:

Pol D. Spanos, PhD.

Leonardo Duenas-Osorio, PhD.

Vaibhav Unhelkar, PhD.

Mauricio Sanchez-Silva, PhD.

Houston, TX, USA

August 2020 – August 2025

M.Sc. in Civil Engineering, Universidad de los Andes

Thesis: "Seismic vulnerability assessment of reinforced concrete buildings using non-linear dynamic analysis." *Advisor*: Luis E. Yamin, PhD.

Bogotá, Colombia

July, 2013 – June, 2015

B.S. in Civil Engineering, Universidad de los Andes

Thesis: "Design guide for buildings with steel plate shear walls and experimental test." *Advisor*: Juan C. Reyes, PhD.

Bogotá, Colombia

July, 2009 – June, 2013

HONORS/AWARDS

- **Ralph Budd Ph.D. Engineering Thesis Award**, George R. Brown School of Engineering and Computing April, 2026
- **Outstanding Paper Award (Category Scientific Paper)**, IABSE Journal Structural Engineering International June, 2025
- **IASSAR Best Student Paper Award**, 14th Intl. Conf. on Structural Safety and Reliability - ICOSSAR'25 June, 2025
- **Future Faculty Fellow**, George R. Brown School of Engineering July, 2024
- **1st Place EMI Objective Resilience Student Paper/Presentation Competition**, Engineering Mechanics Institute Conference and Probabilistic Mechanics & Reliability Conference (EMI/PMC 2024) May, 2024
- **Robert P. and Eleanor Warden Shubinski Awardee**, Rice University Spring, 2023
- **H. W. Reeves Endowed Scholarship Awardee**, Rice University Spring, 2021
- **Outstanding Journal Paper Award 2018**, ASCE Journal of Performance of Constructed Facilities January, 2020
- **Fulbright Scholar**, Fulbright-Minciencias (Colombia) August, 2019
- **Innovative Teacher Recognition**, Universidad de los Andes, Colombia June 20th, 2019
- **Mario Galan Gomez Scholarship**, granted by ECOPETROL, Colombia 2009 – 2013
2 best students selected per department, a total 70 countrywide

RESEARCH & WORK EXPERIENCE

Postdoctoral Associate, *Rice University*. Houston, TX, USA

2025 - Present

Padgett Research Group. PI: Jamie E. Padgett, PhD.

Ph.D. Research Assistant, *Rice University*. Houston, TX, USA

2020 - 2025

Padgett Research Group. PI: Jamie E. Padgett, PhD.

Research Assistant , <i>Universidad de los Andes</i> , Bogotá, Colombia Material and Civil Works Research Center (CIMOC). PI: Luis E. Yamin, PhD.	2015 - 2017
M.Sc. Research Assistant , <i>Universidad de los Andes</i> , Bogotá, Colombia Material and Civil Works Research Center (CIMOC). PI: Luis E. Yamin, PhD.	2013 - 2015
Co-founder , <i>CIVECO S.A.S</i> , Bogotá, Colombia Vulnerability assessment and design of residential and commercial buildings	2016 - 2019
Structural Engineer, Project Specialist , <i>Ingeniería Técnica y Científica</i> , Bogotá, Colombia Technical projects on risk analysis at structural, portfolio, and regional scales.	2013 - 2017

TEACHING EXPERIENCE

Lecturer , <i>Universidad de los Andes</i> , Bogotá D.C., Colombia <i>ICYA 1116 – Statics</i>	Spring 2026
Co-instructor , <i>Rice University</i> , Houston, TX, USA <i>CEVE 562 – Infrastructure Resilience to Multiple Hazards</i>	Fall 2025
Guest Lecturer , <i>Rice University</i> , Houston, TX, USA <i>CEVE 325 – Structural Analysis</i>	Fall 2024
Coordinator of the Resilience Seminar of the GSP , <i>Rice University</i> , Houston, TX, USA <i>Co-led the inaugural Resilience Seminar for the Gulf Scholars Program GSP@RICE</i>	Fall 2022
Full-time Lecturer (Instructor) , <i>Universidad de los Andes</i> , Bogotá, Colombia Undergraduate courses:	2017 – 2020
▪ <i>ICYA 3202 Structural Design</i>: Theoretical reinforced concrete behavior, analysis and design of reinforced concrete elements (beams, columns, foundations), seismic design of structural systems (moment resisting frames), and reinforcement detailing.	Aug. 2019 – Jul. 2020
▪ <i>ICYA 1117 Mechanics of Materials</i>: Stress-strain in materials, materials' behavior in the linear and non-linear range, serviceability and safety concepts, and evaluation of failure in simple elements or structures such as columns, beams, and frames.	Jan. 2018 – Jul. 2020
▪ <i>ICYA 2203 Structural Analysis</i>: Displacements and internal forces in determined and undetermined structures when subjected to different loads (e.g., seismic, wind, self-weight, or temperature), types of structural systems, and computational analysis of structures such as buildings and bridges.	Aug. 2017 – Jul. 2020
▪ <i>ICYA 1116 Statics</i>: Classical mechanics focusing on bodies in equilibrium, study of external and internal forces on simple elements, probabilistic capacity and demand concepts, and development of internal forces diagrams.	Aug. 2017 – Aug. 2019

MENTORING EXPERIENCE

Member of the examining committee of 11 Master's degree students Thesis Defense, 2016 – 2025
Universidad de los Andes

Research project advisor of undergraduate students, Universidad de los Andes
